Date \_\_\_\_\_

We thank you for your generous donation to the Legal Defense Fund of \$ \_\_\_\_\_. These funds along with other donations will be used to provide legal challenge to the governments' restrictions on channels available to Canadians on U.S. based satellite services that should be available to all North Americans under the Free Trade Agreement. We thank you for your valuable support and encourage a letter to the Minister of Industry and the chairperson of the CTRC regarding your desire for a change in policy to one of freedom and open skies in Canada.
