On behalf of our corporation and our partners in trade, we request to be the lawful Canadian authorized agent and distributor for DirectTV in Canada.

Please assist us with all the support and cooperation available under the terms of the Free Trade Agreements between Canada and the United States of America.

If any difficulties exist in establishing our corporation as the sole Canadian authorized agent and distributor for DirectTV, please advise and summarize these challenges in writing for us and fax your response to us at (519) 773-8900.

We would appreciate your approval of this request as soon as possible, to allow for our Canadian sales effort and resultant income for both our organizations to be realized.

We thank you for your immediate attention and look forward to a long and mutually profitable relationship serving the programming requirements of Canadians for the services offered by your company.

Respectfully,
Robert G. Monteith
